

Haile Assefa

Name: Haile Assefa Wube
Date of birth: May 22, 1995 G.C
Place of birth: Bahirdar, Ethiopia
Gender: M
Nationality: Ethiopian
Address: +251970695370
E-mail: haya2010aero@gmail.com

Summary

Dedicated and results-driven Aerospace Engineer and Lecturer with over 4 years of teaching experience at Ethiopian Defence University. Holds BTech in Aircraft Mechanical Systems with **CGPA** of **3.93** and MTech in Aerodynamics and CFD with **CGPA** of **4.0** with **V. GOOD** thesis. Skilled in computational and structural analysis, UAV design, and advanced software applications. Strong analytical thinker with proven communication and teamwork abilities.

Skill Highlights

- I have an ability of computer skills like **Microsoft office** (Excel, Power point, Word, Visio).
- **Engineering:** Aerodynamics, CFD, UAV design, Aircraft structural analysis
- **Software's** (AutoCAD, SolidWorks, ANSYS Workbench, Matlab, ANSYSMechanicalAPDL,).
- **Teaching:** Course design, online teaching methods, student supervision

Education

- Bachelor of technology in Aeronautical Engineering under specialization of aircraft Mechanical System from Defence university College of Engineering on **July 30/2020**.
- Master of Technology in Aerospace Engineering under specialization of Aerodynamics and CFD from Defence university College of Engineering on **June 18/2024**.

Publications & Conferences

- Presenting a paper at a joint research workshop by Ethiopian national aviation college and Ethiopian defense university, college of engineering held on August 31, 2024, in Addis Ababa.

Certifications & Training

- **Online courses (specialization certificate** in Fundamentals of Flight mechanics, **course certificate** in digitalization in space research, applied computational fluid dynamics, introduction to thermodynamics, data analysis fundamentals, master class for teaching online.)

Languages

Amharic and English

Experience

- **Graduate assistant II** from 2020-2022
- **Assistant lecturer** from 2022-2024 G.C and
- **Lecture** from 15 Aug, 2024 to present at Defense university.
